

Metrolink Capital Improvements

and Service Expansion (SCRRA Project List)

> **PROJECT DESCRIPTION:**

This project consists of MTA support for operations and capacity improvements to the Metrolink commuter rail system. Metrolink service relieves congestion on Los Angeles County freeways by connecting passengers from six Southern California counties to work sites and various focal points in Los Angeles County. Project funding at this level will prepare the system to accommodate continued high ridership growth and would include the following project elements:

Operations	\$187.0
Rehabilitation	\$95.2
Capital	\$200.025
Rolling Stock: Up To 18 Cars And/Or Locomotives	\$21.3
Platform Extensions In LA County	\$9.3
New Siding On San Bernardino Line-Rialto	\$6.7
Eastern Area Maintenance Facility	\$39.4
91 Line Triple Track Rana To Highgrove	\$3.8
91 Line Triple Track Riverside To Prado	\$10.9
Antelope Valley Line Russ Siding	\$7.3
Ventura County Line 2nd Platform At Van Nuys	\$9.3
Riverside Up Line Projects	\$42.0
Antelope Valley Line Double Track Sun Valley To Burbank	\$23.1
San Bernardino Line Double Track	\$24.8
ITS Deployment at Union Station	\$1.05
Automated Passenger Counters (APCs)	\$.85
Grade Safety Crossing Program	\$.225
Total	\$482.225 Million

> **STATUS:**

As of December 2002, the operations and rehabilitation projects are funded, but the capital expansion projects are not.

> **ESTIMATED COST:**

\$482.225 Million

> **CONGRESSIONAL DISTRICTS:**

23-35, 38-48
