

Route 57/Route 60 Interchange

Reconfiguration Improvements

> **PROJECT DESCRIPTION:**

Severe traffic congestion, increased truck traffic and significant weaving problems at the interchange of State Routes 57 and 60 as well as the current roadway geometrics of this interchange have resulted in major traffic delays and increased traffic accidents. The upcoming 57/60 Major Investment Study (MIS) will assess the transportation problems within and approaching the interchange and develop multi-modal transportation solutions that will improve mobility, provide safe and easy access to and from the interchange and maximize efficient use of the freeway and adjacent arterials.

> **STATUS:**

MTA is seeking a qualified consultant to conduct an MIS. It is anticipated that the Request for Proposals (RFP) for the 57/60 MIS will be issued in the spring of 2003, the contract will be awarded in the summer of 2003 and the Notice To Proceed will be issued in the fall of 2003.

> **ESTIMATED COST:**

\$355 to \$500 Million (pending MIS disposition)

> **CONGRESSIONAL DISTRICT:**

42
