Thank you for your interest in this Metro project. We welcome your comments on the alternatives or on any other project information.

Based on presentation provided at the TAC scoping mtg on 2/18/10, the SR-60 alignment is being proposed along the southern portion of the fwy w/ park & rides at each of the proposed 4 stations. ^① Montebello is requesting consideration of both sides of the fwy. ^② A park & ride near the mall to provide access to Montebello residents from Paramount or San Gabriel Blvd. ^③ A reduction of other park & ride locations that may negatively affect Montebello business or have a negative impact to traffic flow for residents

Please use the reverse side for additional comments. Comments may also be mailed by April 14, 2010 to: Kimberly Yu, Project Manager, Metro, One Gateway Plaza, 99-22-2, Los Angeles, CA 90012, emailed to yuki@metro.net or faxed to 213-922-3005.

Washington alignment

- ① Request no 2-grade sections in the City of Montebello along Garfield or Washington portions.
- ② Consideration given to heavy truck traffic flow along Washington.
