

# Share the ride. Go Metro to work. <sup>^</sup> **FREE**

**Metro is responsible for overseeing and improving all forms of transportation in Los Angeles County. Anyone who drives, uses public transit, bicycles or walks on any street in the county is a Metro customer.**

**Metro Commute Services welcomes you to your new job with a week of free commuting and a Metro Travel Kit.**

**> Metro Local**

We operate the nation's largest clean-burning compressed natural gas bus fleet, which improves air quality throughout the region.

**> Metro Rapid**

Metro Rapid can speed you to your destination up to 25% faster than local bus service. It stops at major intersections only and has special sensors that keep traffic lights green when Metro Rapid is coming.

**> Metro Rail and Orange Line**

Metro's 75 station system connects downtown LA to the San Fernando Valley, Long Beach, Pasadena, Hollywood, South Bay, Norwalk and dozens of points in between.

If bus and rail service is not available to you, Metro can help you find a carpool partner or local vanpool so you can take advantage of over 400 miles of carpool lanes in LA County. Don't let your commute drive you crazy, let Metro help you find an easier way to get to work.
