

Improving Mobility & Safety Along Alvarado St

ALVARADO ST BUS PRIORITY LANE PROJECT

Tips to Safely Use the New Bus Priority Lanes

Metro and the City of LA are partnering to improve the speed, frequency and reliability of buses during peak travel times along Alvarado St by installing bus priority lanes between 7th St and Sunset Bl. The new bus priority lanes will operate in the peak direction from Monday through Friday during the morning and evening peak rush hours (southbound from 7–10am and northbound from 3–7 pm).

What is a bus priority lane?

A bus priority lane gives buses dedicated space to travel separately from vehicles. A separate lane allows buses to get riders to their destinations faster and more reliably. The bus priority lanes on Alvarado St will allow buses to run every seven to eight minutes and will reduce travel time by up to 1.5 minutes.

Who is allowed to use the lanes?

Bus priority lanes are for use by buses only during the stated hours of operation. Emergency vehicles, vehicles making right turns and bicycles can use the bus priority lane when needed.

Will parking and loading/unloading* be allowed?

Do not park, load, unload or drop off/pick up passengers in the bus priority lanes during the stated hours of operation (southbound from 7–10 am and northbound from 3–7 pm).

**Refer to signage for restrictions.*

Can I make right turns?

Vehicles are permitted to enter the bus priority lanes to make legal right turns at intersections and driveways.

Are there any changes to the sidewalks?

No, when crossing the street, obey all laws and look for oncoming traffic in the new bus priority lanes.
