Metro

I-10 ExpressLanes Extension Project

[Español](#) | [中国人](#)

Reminder: You have until Friday June 10, 2022 to provide official comment.

Metro, in coordination with Caltrans, is initiating an Environmental Impact Report/Environmental Assessment (EIR/EA) for the proposed I-10 ExpressLanes Extension project. The EIR/EA is under development to evaluate the potential environmental impacts associated with the implementation of ExpressLanes or additional HOV lanes on the I-10 corridor between I-605 and the Los Angeles/San Bernardino County line.

Public Scoping Comment Period Closes This Week

As part of the project's environmental process, a formal public scoping comment period was initiated with the posting of the [Notice of Preparation](#) and will run from Monday, April 25, 2022, through Friday, June 10, 2022.

We encourage you to submit comments on the proposed alternatives, purpose and need, as well as help identify and inform the issues that may need to be addressed in the environmental process.

For additional details, please click the following links to learn more at the project webpage or explore the interactive Story Map.

To view the presentations and the video recordings of the formal presentations for Metro's public scoping meetings, click on the links below.

Ron Kosinski,
Deputy District Director
Caltrans District 7
100 S. Main Street, MS 16A
Los Angeles, CA 90012

Take advantage of convenient comment submittal methods!

The comment submittal options listed on the left are available throughout the 45-day comment period, including voice recording comment submissions via the project hotline (213.922.2110). Regardless of the submittal method, all comments will be treated, evaluated and documented equally.

Provide Your Feedback

Your input is valuable, please take this short survey below. The survey is available in [English](#), [Spanish](#) and [Chinese](#).

Explore the Corridor

An [interactive Story Map](#) has been developed as an online informational tool to help enhance the understanding of the project, proposed alternatives and encourage the public submittal of scoping comments. The interactive StoryMap includes maps and other helpful visuals as well as instructions on how to submit a scoping comment, including a link to the [online comment form](#). Visit bit.ly/i-10storymap for more details.
