

Los Angeles County Metropolitan Transportation Authority (Metro)

Community Relations Manager Ginny Brideau • 28 Apr

Metro: I-10 ExpressLanes Extension Project. Metro has a plan for a better drive on the 10. This plan includes improved mobility with efforts like the I-10 ExpressLanes Extension Project. Please join us to learn more about this proposed project to extend existing ExpressLanes on the Interstate 10 Freeway further east.

This project is beginning environmental review, with a formal scoping process starting April 25, 2022, through June 10, 2022. During this time, Metro and Caltrans will accept scoping comments via mail, email, telephone and the online comment form, as well as at virtual public meetings. The intent of the scoping process is to gather input on the purpose and need for the project, proposed alternatives, environmental issues, local projects that may be proposed in the study area and approaches for community participation. Scoping comments will inform the areas that may need to be addressed by the environmental and technical studies developed in support of the environmental

There are several ways the public can submit comments during the 45-day scoping period. Those include using the online comment form at <https://www.bit.ly/i-10comment>, by mail to: Ron Kosiniski, Deputy District Director, Caltrans District 7, 100 S Main Street, MS 16A, Los Angeles, CA 90012., via email: i10extension@metro.net, by calling the I-10 ExpressLanes Extension hotline at 213.922.2110 or through virtual Zoom meetings.
