

Figure 5-2: Segment Option 4K: Permanent Underground Easements

**5.1.3****Segment Option 4P: Century City (Constellation) Station to Wilshire/UCLA Off-Street via East Route**

Segment Option 4P begins at the Century City Constellation Station and travel west to the Wilshire/UCLA Station. From the Century City Station, the alignment travels west under Constellation Boulevard and turns almost immediately northwesterly under the Westfield Mall toward Century Park West. The option traverses under Century Park West, under Fox Hills Drive at Missouri Avenue, then under Santa Monica Boulevard at Comstock Avenue, to Eastborne Avenue just east of Beverly Glen Boulevard. At this juncture, Segment Option 4P follows the same alignment as Segment Options 4J and 4K. Segment Option 4P then heads across Wilshire Boulevard to the Off-Street Station Option (Alternative 1 Baseline). Segment Option 4P is applicable to Alternatives 1 through 5 only (Table 2-1).

To construct Segment Option 4P, 235 permanent underground easements for tunneling are anticipated (Table 5-8 and Figure 5-3). A summary of the types of land uses affected by these permanent underground easements is presented in Table 5-9. These 235 permanent underground easements are anticipated to affect 701 residential properties, including, 52 single-family residences, seven condominium building with a total of 160 units and ten multi-family apartment buildings with a total of 489 residential units (Table 5-10).

Figure 5-3: Segment Option 4P: Permanent Underground Easements

WESTSIDE SUBWAY EXTENSION

**5.1.4 Segment Option 4Q: Century City (Constellation) Station to Wilshire/UCLA On-Street via East Route**

Segment Option 4Q follows a similar alignment as Segment Option 4P, beginning at the Century City Constellation Station and traveling west to the Wilshire/UCLA Station. From the Century City Station, the alignment travels west under Constellation Boulevard and turns almost immediately northwesterly under the Westfield Mall toward Century Park West. The option traverses under Century Park West, under Fox Hills Drive at Missouri Avenue, then under Santa Monica Boulevard at Comstock Avenue, to Eastborne Avenue just east of Beverly Glen Boulevard. At this juncture, Segment Option 4Q follows the same alignment as Segment Options 4J and 4K. Segment Option 4Q stays beneath Wilshire for the On-Street Station Option (Option 5). Segment Option 4Q is applicable to Alternatives 1 through 5 only (Table 2-1).

To construct Segment Option 4Q, 209 permanent underground easements for tunneling are anticipated (Table 5-11 and Figure 5-4). A summary of the types of land uses affected by these permanent underground easements is presented in Table 5-12. These 209 permanent underground easements are anticipated to affect 406 residential properties, including, 52 single-family residences, six condominium buildings with a total of 138 units, and eight multi-family apartment buildings with a total of 216 residential units (Table 5-13).
