# Meeting Goal and Objectives

## Goal

- > Present information on the work of the 710 Task Force.
- > Gather input from community members on how the vision and goals of the 710 Investment Plan can best reflect the community's needs, goals, and priorities.

## Objectives

- > Provide an update on the status of the suspended I-710 South Environmental Impact Report/Statement (EIR/EIS).
- > Review the purpose and process for the new 710 Task Force.
- > Solicit feedback from community members on the vision and goals of the 710 Investment Plan.

# Background and History of the 710 Task Force

# Suspended I-710 South Project

- > **Status:** Suspended (May 2021)
- > **Purpose:** Develop strategies to remedy congestion and improve safety for passenger and commercial vehicle issues from Ports of Long Beach and Los Angeles to I-60.
- > **Milestones:**
  - 2001 – Initiation of major corridor study
  - 2012 – First circulation of environmental impact report/statement (EIR/EIS)
  - 2017 – Recirculation of EIR/EIS
  - 2021 – Project Suspended by Metro
- > **Next Steps:**
  - Task Force will develop new I-710 South Corridor Investment Plan

# What You've Told Metro

- > We need to find solutions now.
- > An easier & more transparent community engagement process.
- > Include most impacted residents in goal setting & decision-making.
- > Promote health in neighborhoods that need it the most to address pollution burden.
- > Zero emissions, targeted hire, no displacements, & community investments.

# Agenda Item #1: Vision & Goals Presentation

# 1.a. Overview of Vision & Goals Purpose, Timeline, and Definitions

# Vision Statement

## What is a Vision?

A Vision is a short statement that:

- > captures the collective outcomes the Task Force seeks to achieve.
- > describes the best future for the I-710 South Corridor.
- > embodies the aspirations and desires of the corridor communities and those who use the corridor.

## Why is the vision statement important for the 710 Task Force?

The 710 Task Force will develop and approve a Vision Statement and Goals that will serve as the foundation for the recommended multimodal strategies, projects and programs included within the I-710 South Corridor Investment Plan the Task Force will present to the Metro Board for consideration.

## Example

- > *Metro's Vision 2028 is "to deliver a mobility system that enables people to travel swiftly and easily throughout the LA County region, no matter where they want to go or when."*

# Goals

## What are Goals?

- > A general expression of community values and direction
- > An expression of the desired end result or an outcome (not actions or strategies).
- > A consideration of the “big picture.”
- > A general direction-setter (usually not quantifiable or time-dependent).

## Why are Goals important for the 710 Task Force?

The Task Force will develop multiple goals for the I-710 South Corridor to guide future phases of the Task Force Work Plan to develop the Investment Plan.

## Examples

Goals	Objectives
Mobility and Connectivity	Increase multimodal mobility and improve traffic flow
Accessibility and Equity	Improve transportation for disadvantaged populations
Safety	Reduce rates of fatalities, and serious injuries
Sustainability/ Public Health	Reduce pollution, GHG emissions, and other negative impacts
Economy	Achieve economic and fiscal sustainability and job growth

# Vision & Goals Development: Eight-Week Timeline

This eight-week timeline shows key activities and dates for the Vision & Goals phase. The numbers on each circle indicate the first day of each week. The numbers in bold in each box indicate the specific target date for each key activity. The three colors represent each month from February to April.

# 1.b. Planning for Equitable Outcomes for the I-710 South Corridor

# Metro's Definition of Equity

Equity is both an outcome and a process to address disparities to ensure fair and just access to opportunities.

*Equality is not the same as equity, and ultimately we're striving for justice.*

EQUALITY

EQUITY

JUSTICE

# Equity Planning and Evaluation Tool (EPET) Update

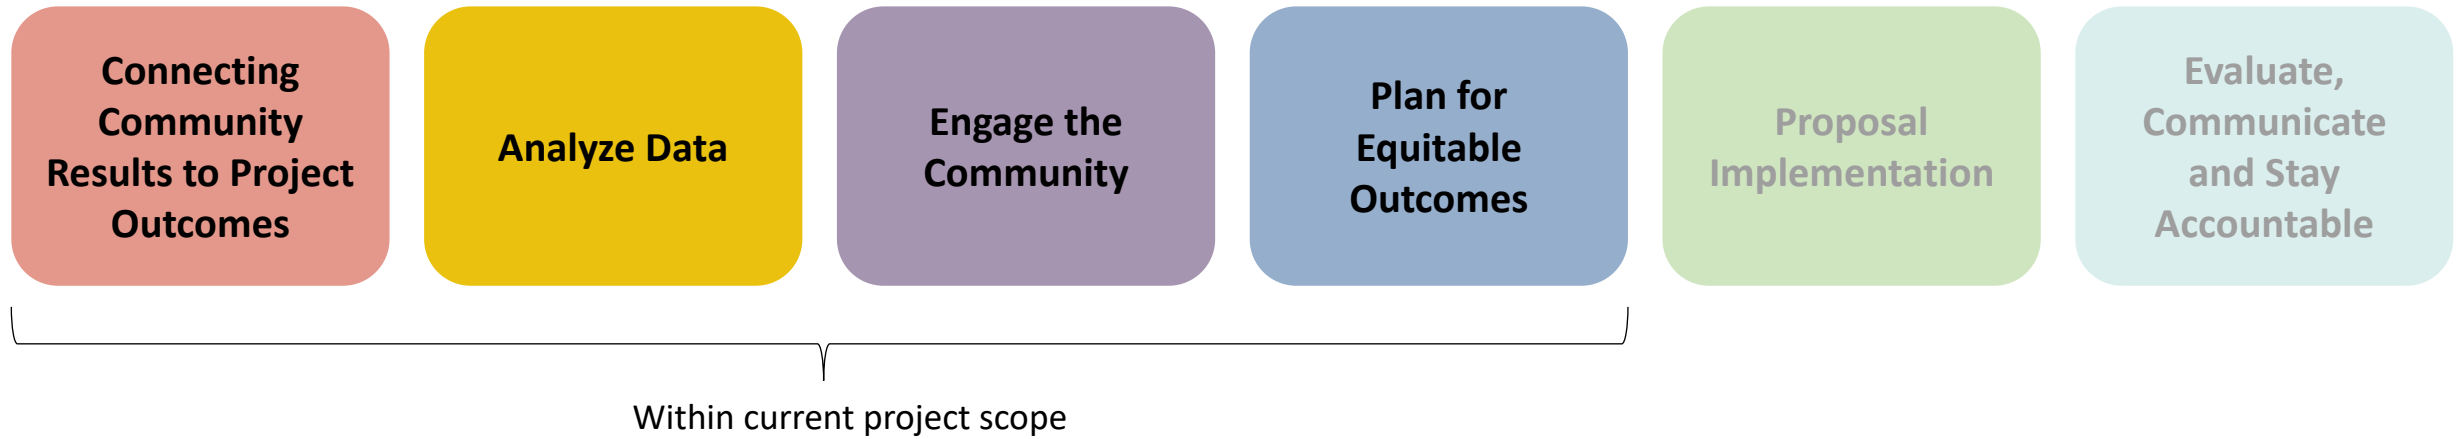

- > The EPET is intended to guide and enhance this process to help plan for equitable outcomes, understanding that inequities exist that can create disparate impacts.
- > The EPET will assist in:
  - 1) identifying disparities
  - 2) understanding root causes of those disparities, and
  - 3) developing and implementing an investment plan in a manner that provides more equitable outcomes

Metro recognizes that vast disparities exist in access to opportunities, including *jobs, housing, community resources, healthy communities and mobility options*. Transportation is an essential lever to enabling access and improving quality of life for LA County.

## Your input is needed! Help the 710 Task Force develop a vision for 710 South Corridor

BY LA METRO, MARCH 9, 2022

To help shape and develop the I-710 South Corridor Investment Plan, Metro and Caltrans invite the public to participate in a short survey to provide insight into developing the vision and goals for the I-710 South Corridor.

The I-710 South Corridor Vision and Goals Survey will remain open until March 25. To take the survey, in English, Spanish, Khmer or Tagalog, visit <https://bit.ly/710VisionSurvey>.

By participating in this survey, you will assist the 710 Task Force in developing projects, programs, and priorities to help improve the quality of life for those that live, work and commute in the 710 corridor. A vision is a short statement that captures the outcomes we would like to achieve to secure the best future for the corridor. Goals will be set for major areas of concern in the corridor such as air quality, health, mobility, safety, economic opportunity, housing, and the overall environment.

Ultimately, the Vision and Goals will provide a foundation for decision-making, help set priorities in the development of recommendations, allow the community to voice their values, and inform Caltrans and the Metro Board of Directors of the needs of those who live and commute within the I-710 South Corridor.

Also, save the date for a I-710 South Corridor Vision and Goals public meeting on March 23, 2022, from 5:30 p.m. to 7 p.m. on Zoom. Additional information will be shared on the project webpage.

Some quick background for those new to the 710 Task Force:

The I-710 South Corridor Project was originally conceived as a way to improve traffic safety, modernize the freeway design and accommodate growth in traffic and goods movement — particularly from the Ports of Los Angeles and Long Beach. This section of freeway was built in the 1950s and '60s and

The 710 Task Force will develop a Vision and Goals Statement to guide recommendations in the forthcoming I-710 South Corridor Investment Plan, which will be presented to the Metro Board of Directors for consideration in 2023.

To ensure this statement reflects the values and priorities of 710 South Corridor communities, we want to hear from you. Please share your thoughts by taking a few minutes to complete the following questionnaire. Survey responses, information gathered through upcoming meetings and additional outreach efforts will serve as the foundation for the Task Force approval of the Vision and Goals Statement at Task Force Meeting #7 on April 11, 2022.
