Comments/Comentarios:

WEST HILLS WEST CORRIDOR, CONTOUR DASH 2, 2007

I. I am implementing the \$63.4 million FTA Grant for the "PARK DISTRICT" around the proposed Wilshire Fair Bus Station and Museum Row, with an underground distributor to the Beverly Fair Bus Station already owned by MTA, and possibly north to West Hollywood.

II. This Wilshire Station should be the first priority and extend to Santa Monica. This high speed rail technology should interface with Expo in Santa Monica and continue south to Transportation Town and OPHAK. This would be comparable to BART which already extends to SFO. An airport 303 miles at the manner of the flight at the blocks would offer spectacular views and save costs.

This critical concept here is to allow single mode change from LAX, BOP, Green Line and South Bay to the subway to West Los Angeles jobs in Beverly Hills, Westwood, Century City and Beverly Hills as well as points like Rapid Bus Service from the San Fernando Valley over the San Gabriel Pass Corridor. Bus transfer to the subway station at HOS with a Park and Ride facility would provide a comparable single mode change.

III. My verbal comment at the West Hollywood venue was as follows: My name is Michael Clark. I am implementing a \$63.4 million Federal Transportation Administration Grant (FTA) for the "Park District" around Wilshire Fair and "Museum Row." More than \$20 million of this grant is due to go to Wilshire Fair Bus Station upgrade and a direct connection to an improved Park environment for LACMA. FTA also provides for an underground "Distributor" to provide to a Beverly Fair Bus Station which is already owned by MTA. The station is also proposed to include a direct connection to CBS Market Square, Farmers Market and the Consul. I have committed to discuss and pursue with the Federal Transit Administration (FTA) a possible extension from the Beverly Fair Station to West Hollywood which might also include a Park and Ride facility. This project has been started with a written request to submit from the Administration of Federal Transit. Thank you.

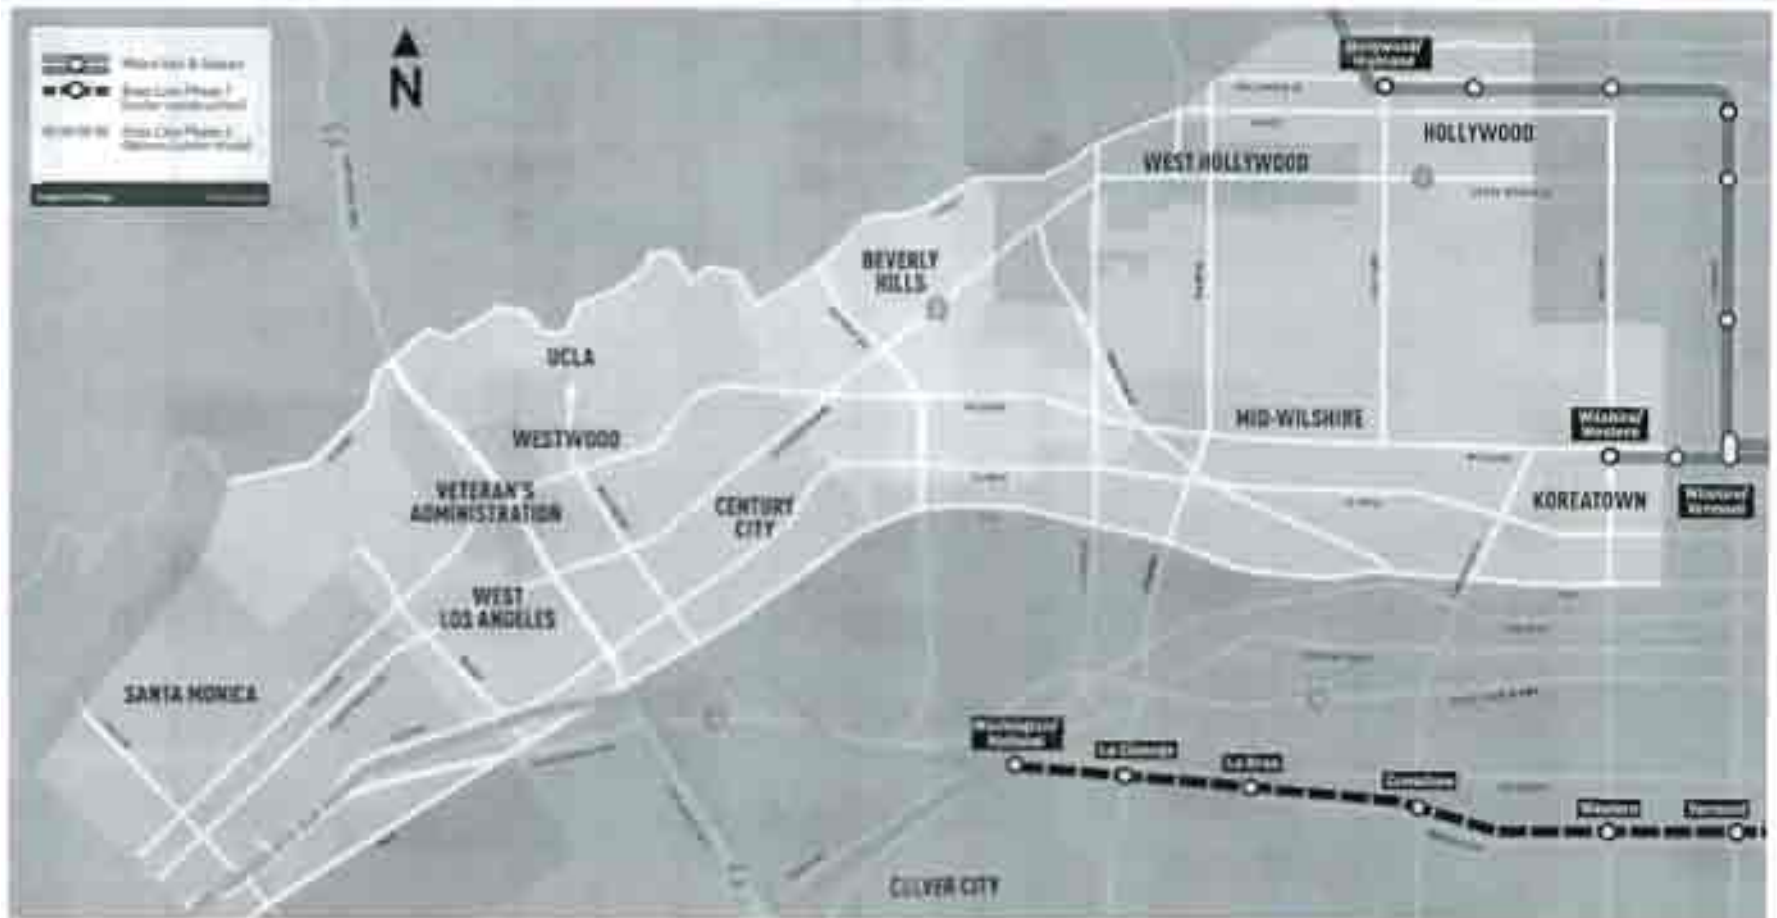

cc
Gail Tjeng, Chief Planning Officer, MTA
Thomas L. Winkler, P.E., Vice President and Project Manager, P.B.

Comments/Comentarios:

On behalf of our clients, who are seniors and younger disabled adults living in West Hollywood, I advocate for subway extension along Santa Monica Blvd. It is extremely important to have subway stations in West Hollywood! Working people need it as well, with gas prices and pollution growing, subway is a necessary step.

Metro

LONG TERM:

RAPID TRANSIT BETTER THAN
TUNNELING. BUT TRANSIT CENTER
SHOULD BE CREATED IN CENTURY
CITY.

MY OPINION :

RAPID TRANSIT WEST FROM
HOLLYWOOD & HIGHLAND DOWN SANTA
MONICA BLVD.

HEAVY RAIL SUBWAY EXTENSION
WESTWARD FROM WESTERN / WILSHIRE.

THE WESTSIDE IS SORELY UNDER
SERVED.

FAIRFAX - SUNSET METRO STOP

At a recent meeting for Metro Extension, the map showed a Metro stop at the corner of Fairfax and Sunset. This extension, how it is now proposed, would tunnel directly under an R1 residential neighborhood. I and many of my neighbors greatly opposed this path for tunneling. Any tunneling should be done under major commercial streets.

Spaulding Square HPOZ is bordered by Sunset to the North, Fountain to the South. The West side of Orange Grove and the East side of Spaulding. Sunset Square is an HPOZ neighborhood on the other side of Sunset.

The proposed stop (South/ East corner -Fairfax/ Sunset) is Bristol Farms our local neighborhood market. Rite Aid (South / West corner Fairfax) is our area pharmacy. If these stores were to go out it would be a huge loss to the area. These stores service the entire Hollywood Hills and surrounding areas.

TRAFFIC:

An increased Metro Plan is desperately needed for Sunset, Fairfax, Fountain, LaBrea and Santa Monica blvd..

Due to an enormous amount of recent building in the area, (with more on the way), as well as frequent Hollywood Blvd. " event " street closures, the streets here are over loaded.

DASH BUS:

We would love to have more Dash Buses with extended hours of operation. People would take the Dash for shopping, dinner, movies etc. BUT.. the bus stops service at 8:00 PM. Because it is not unusual to wait over 45 minutes for the bus people take their cars for short trips. We would like to have and ride the cleaner running buses.

RUSH HOUR TRAFFIC / CLUB TRAFFIC

West bound traffic in the AM and East bound in the PM as well as week end nights have brought our streets to a stand still at these times.

It appears that this incredible new explosion of growth and building in Hollywood and the Westside has out paced the Mass Transit needs. Even the buses are stuck in traffic.

We need increased and more efficient modes of mass transportation.

Tunneling under Historic residential Neighborhood.

1. What studies would be conducted for tunneling and operating under ground Metro ?
2. What assurances would be given to home owners / residents, that the Metro would not in any way compromise the foundations of these old homes built in 1917 ?
During construction and during future years of operation ?

Please can't your experts find a different Metro / Tunnel route other than under the residential streets . We will try and help where we can.

Thank you for your time, and giving us this opportunity.

Plummer Park

We have lived at this address since 1979. We oppose construction of a subway tunnel in the Sunset & Hollywood Blvds area, as do most all of our neighbors. We would suggest either (1) increase the number of buses or (2) construct the subway on Wilshire Blvd or Third Street.

The homes in our area were built in the 1920's and before. We have already had damage to our home when the storm drains were installed - I fear the damage which would be caused by tunneling for the subway and the subsequent vibration from the trains.

Many of the residents in our area are retired older folks who are not as mobile or able to move if a subway is constructed. Moreover, the number of persons who might use the subway in the area is nowhere nearly as large as a more ~~another~~ route, where there are malls and shopping. SOUTHERN

Comments/Comentarios:

The Hollywood RED line should extend to Fairfax + Sunset, (the beginning of the Sunset Strip); south to Santa Monica and Fairfax in West Hollywood; south to Fairfax and Beverly or Third, (C.B.S. and Farmer's Market), then west to Beverly/Third at Beverly Center / Cedar Sinai

A San Vicente/Santa Monica stop may be a nice use of the current M.T.A. station but is there a real density to support it?

Comments/Comentarios: West Hollywood Plummer Park

As a native of Los Angeles - born, bred & educated - I have moved back to my hometown after 17 years on the east coast, in New York City and Washington, DC; two great public transportation ^{cities}. LA could never have a NYC transit center because of size, layout & history. DC is a better example. Built just 30 years ago, it dug under populations with many obstacles. For LA to survive must be subway & light rail. A subway should be on SN Blvd. Sunset is too north. There MUST be north-south lines for true integration & transfer. La Brea is a great alternative. Sunset Blvd's 6 lanes should be used - no parking ever. The middle 2 lanes at-grade rail.

Comments/Comentarios:

For years citizens of W.H. have applied to Metro authorities to help them with a bus stop at Fuller, it means for that Senior Center. Every day about 500 students of Fairfax School study at that center. They lived in different neighborhoods for away areas and would be happy to use 704 bus, but instead they use cars having problems with parking here and traffic. That 704 bus often passes by almost empty and doesn't stop in front of a group of waiting people. I am aware that only that improvement would help a lot to solve the traffic congestion problem.

Comments/Comentarios:

I think the 'Sunset Flats' neighborhood needs to be preserved. It is low density, historic homes area (east side of Fairfax to Stanley - between Sunset + Hollywood Blvd). Tunneling beneath these old homes will undermine the buildings + create constant noise + vibration. I strongly oppose tunneling under this area.

I would like to see a metro stop at Santa Monica Blvd + And Fairfax. I oppose a station on Sunset.

Comments/Comentarios: Subway route from Hollywood/Highland to run south on Highland to Santa Monica + then run west on Santa Monica w/a stop on Santa Monica + Fairfax.

or go thru residential areas
Pointe SHOULD NOT go under Hollywood Blvd or Sunset Bl from Hollywood/Highland as ^{both} ~~these~~ Hollywood Bl + Sunset Bl between La Brea + Fairfax are single family residential neighborhoods that would be adversely affected by a ^{subway} ~~stop~~ that runs w/in close proximity + has a stop w/in close proximity to these

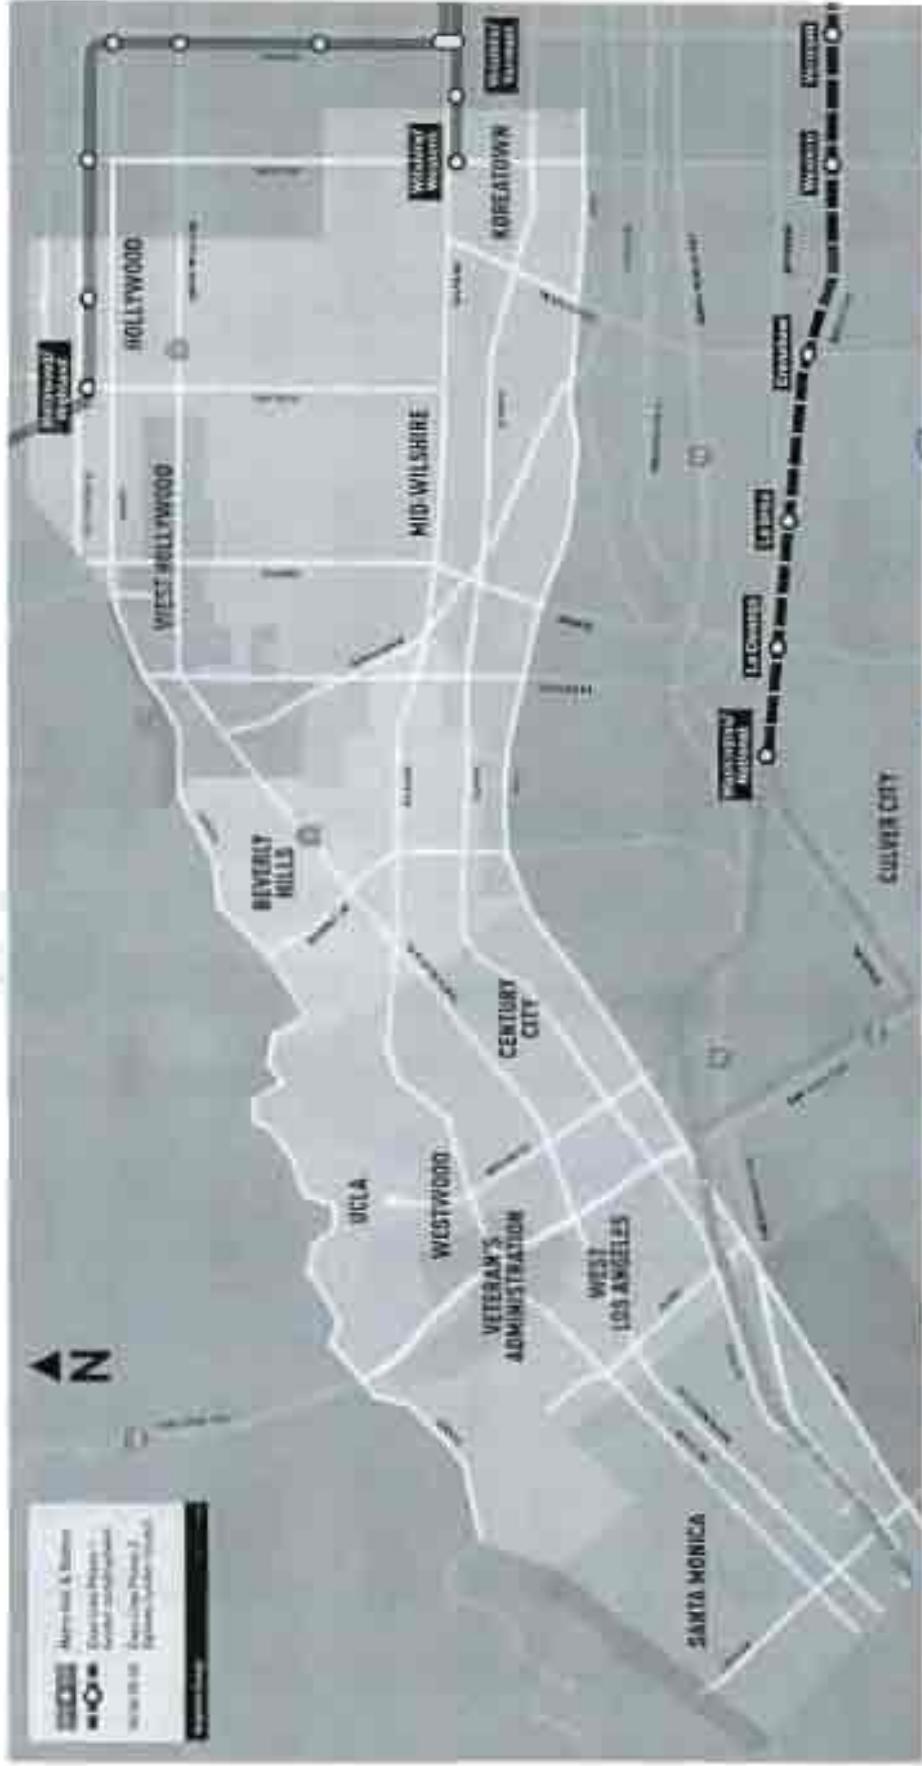

NO SUNSET/FAIR FAX STOP!
