

Next stop: the Westside.

PURPLE LINE EXTENSION TRANSIT PROJECT

Section 2 Fact Sheet – Station Locations

Metro[®]

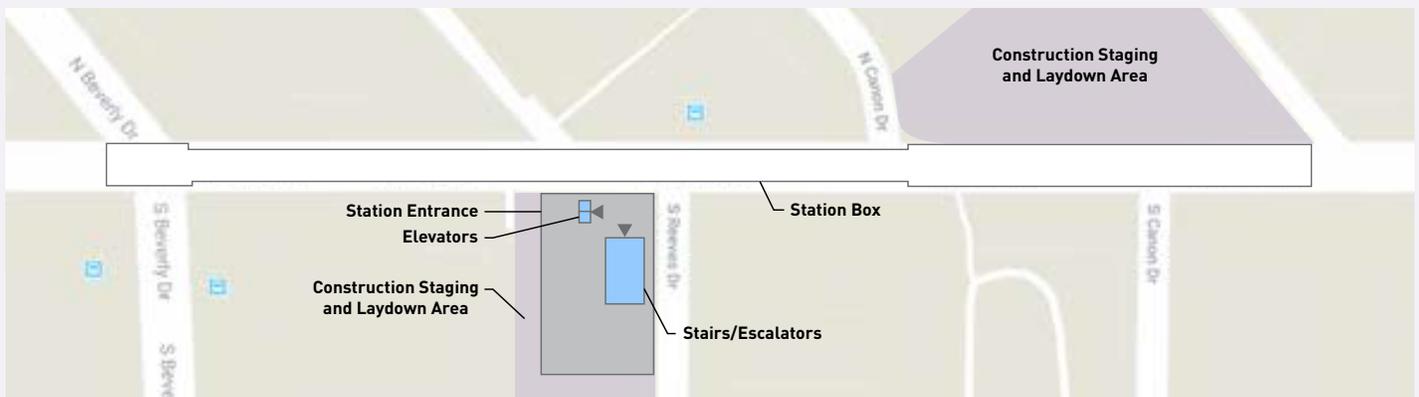

Section 2 includes 2.59 miles of additional tracks and two new stations at Wilshire/Rodeo and Century City/Constellation. Section 2 of the Purple Line Extension Transit Project broke ground in February 2018.

Wilshire/Rodeo Station

The Wilshire/Rodeo station box is located under Wilshire Bl from Beverly Dr to Canon Dr, with the station entrance on the southwest corner of Wilshire Bl and Reeves Dr. There are two construction staging areas for this station, one at the station entrance, and the other on the north side of Wilshire Bl just east of Canon Dr. Located in the heart of Beverly Hills, the station will not only serve those who live and work in the area, but also visitors seeking to dine, shop and experience the Golden Triangle.

Rendering above shows how the Wilshire/Rodeo Station might look.

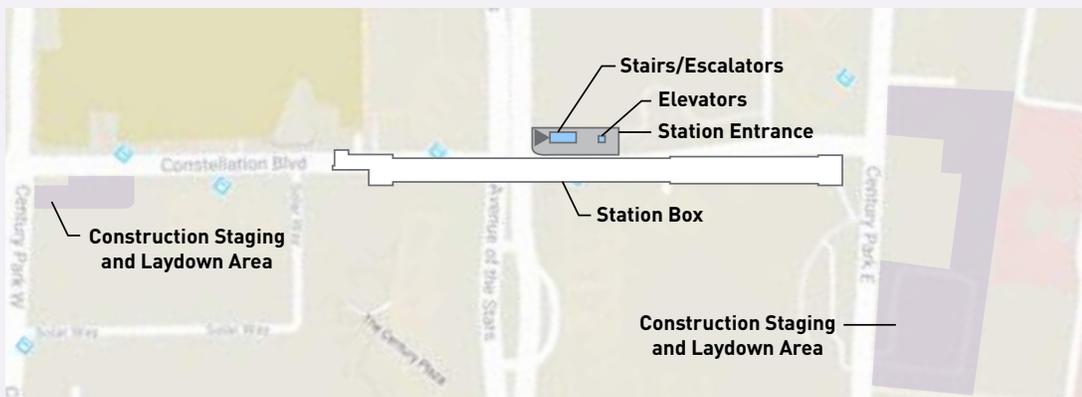

Century City/Constellation Station

The Century City/Constellation station box is located under Constellation Bl between Century Park East and Solar Way, with a station entrance at the northeast corner of Constellation Bl and Avenue of the Stars. In addition to construction staging areas at properties along Century Park East, construction staging is taking place on Constellation Bl between Avenue of the Stars and Century Park East. Situated in the center of one of the county's biggest job hubs, it is anticipated that thousands will board during their daily commute.

Rendering above shows how the Century City/Constellation Station might look.

Example of demolition work on the southwest corner of Wilshire Bl and Reeves Dr to create the construction staging area. This construction staging area will later become the station entrance for the Wilshire/Rodeo Station in Beverly Hills.

Example of tunnel boring machine launch box construction on Constellation Bl in Century City. The two tunnel boring machines, digging the tunnels for Section 2, will launch from this location. This site will also become the underground station box for the Century City/Constellation Station.
