1.1 Purpose

This Report summarizes how the Metro Pilot Business Interruption Fund (BIF) has worked to provide financial assistance to small “mom and pop” businesses that demonstrate business revenue losses due to direct impact from Metro rail construction. Small “mom and pop” businesses located along three rail corridors are eligible for BIF grant funding.

1. Crenshaw/LAX Transit Project
2. Regional Connector, Little Tokyo Area and 2nd & Broadway Segment
3. Purple Line Extension, Section 1

The period of this report is from January 1, 2017 – March 31, 2017. The activities summarized include number of applications submitted, community outreach and communications, grantee statistics, financial data and payments. Metrics on client satisfaction and general program observations are also reported. Further, included is a business profile on a BIF grantee.

Figures reported are indicative of applications that have been approved.

7.1 Quarterly and Program to Date Community Outreach and Communication Activities

During this reporting period, a total of **26** outreach activities occurred. PCR participated in: **13** outreach events in **Crenshaw/LAX (CLAX)**, **0** outreach events in the **Little Tokyo Area of the Regional Connector (LTRC)** and **8** outreach events in **Purple Line Extension, Section 1 (PLE)**, and **5** in the **2nd & Broadway Area of the Regional Connector (2BRC)**. Outreach activities continued to decrease in the **LTRC** with the saturation of eligible small businesses being completed. Sporadic canvassing efforts continued but formal Information Sessions and Application Workshops are no longer being scheduled as most of the grants awarded in this area are repeat grantees and familiar with the process. Most small business owners in these areas who are eligible for the BIF have already applied and those that haven't, don't want to apply for one reason or another. Outreach activities at **2BRC** continued with the re-opening of 2nd Street from Broadway Street to Hill Street near downtown Los Angeles in mid-October 2016. **2BRC** is winding down the final 180 days application period which started at the end of the quarter in which the re-opening of the 2nd & Broadway Street full closure occurred. That final 180 days application period ends on June 30, 2017. Final outreach activities continue on the **2BRC** to engage all eligible small business owners to apply to the BIF for the February 2016 – October 2016 construction impact period of the 2nd & Broadway full street closure. A final Application Workshop will be held May 17, 2017 for the **2BRC** to ensure that all eligible small business owners have an opportunity to apply for the BIF. On the **CLAX** corridor, outreach activities continued to ramp up in the “at grade” segment which includes the Park Mesa Heights (48th – 60th Street) and the Hyde Park (61st – 67th Street) areas as the extensive curb and gutter work as well as the heavy machinery median construction activity in this segment becomes more active. As a result, the Metro Community Construction team has begun to schedule monthly Community Construction Update meetings in the Park Mesa Heights area to keep everyone informed of the construction plan. The BIF team participates in these meetings. **PLE** corridor outreach also increased with the advent of major construction impacts at the Wilshire/Fairfax and Wilshire/La Cienega intersections. Middle of the road construction activities on **PLE** in Korea Town have begun as construction impacts move eastward toward the breakthrough at the Western/Wilshire station. This construction activity has resulted in the first BIF grant award to a small business owner in Korea Town featured as this report's Quarterly Testimonial.

Community Meetings/Presentations: During this reporting period, we have participated in **9** community meetings and presentations which include various Chamber meetings, business expos staffing tables, business organization meetings, construction update meetings, mall and strip mall tenant meetings. Participation in these community meetings occurred in the corridors with the most impactful construction activities during this reporting period; the **CLAX** and the **PLE**.

Direct canvassing efforts: During this reporting period, Lead **CLAX** Business Advisor Andre Hardy, Lead **PLE** Business Advisor Brian Lazo, and Lead **2BRC** Business Advisor, Darrell Smith conducted ongoing outreach efforts weekly as well as a cumulative total of **12** days. As mentioned before, Lead **LTRC** Business Advisor, Bryan Miyamoto, continues to reduce outreach and direct canvassing efforts as the area has reached a complete saturation level of eligible small business owners. General outreach efforts include door-to-door and one-on-one meetings with small business owners speaking with them about applying to the BIF, distributing BIF information flyers, tri-folds, upcoming BIF Workshop flyers and business cards. Additionally, Business Advisors also take photos of direct construction activity occurring. PCR's canvassing efforts have proven to provide the most effective results. The Business Advisors' direct engagement with business owners helps to foster a good, trusting relationship and always results in an immediate increase in applications submitted as well as increased awareness through word of mouth among small business owners. On-going canvassing efforts and outreach generally occur on Fridays with the BIF Lead Business Advisors spending time on their respective corridors visiting applicants, taking photos of construction impacts and conducting general outreach activities.

Outreach Partnerships with the BSC and Eat, Shop, Play: PCR's partnership with Metro's Business Solution Center (BSC) on the **CLAX** corridor continues to be very effective and efficient for outreach efforts with construction impact in the "at grade" segment (Park Mesa Heights area 48th Street – 60th Street) as well as the Hyde Park area (61st Street – 67th Street). PCR is working very closely with the BSC to reach out to small business owners in this area to apply by doubling up on outreach activities and collaborating on efforts to engage business owners. PCR is hosting an Application Workshop in April specifically for eligible small businesses located in the Inglewood and Westchester area of the **CLAX** in which the BSC has been particularly helpful with outreach and marketing. Referrals between the BIF program and the BSC continue to be consistent and on-going. PCR's partnership with Metro's Eat, Shop, Play program in all three corridors has proven to be a valuable tool for referring small business owners for help and assistance in marketing their business during construction activities. During this reporting period, Metro's Eat, Shop, Play has revamped its efforts and activities to provide multiple ways for small business owners to participate. Developing a mostly social media platform, this program allows for small business owners and customers to participate remotely. PCR continues to support and participate in Metro's Eat, Shop, Play initiatives. PCR's increased involvement is ongoing.

Metro Sponsored BIF Workshops: Each calendar quarter, Metro sponsors a series of BIF Workshops in each of the three corridors. These workshops have proven to be very effective in presenting BIF program details to potential applicants with an opportunity for Q & A. Most of the small business owners who have previously attended a BIF workshop have subsequently applied to the BIF program with almost all of the documentation required. For this reporting period, January 1, 2017 – March 31, 2017, the following BIF workshops have been hosted:

- 2- Crenshaw/LAX Corridor
- 2 - Purple Line Extension, Section 1
- 0- Regional Connector, 0- Little Tokyo Area, 0- 2nd & Broadway Area

No Metro BIF Information Workshops are currently scheduled for the second quarter of 2017 at this time but it is anticipated that at least one Information Workshop will be scheduled by June 2017 for the recently approved Purple Line Extension, Section 2.

- 0- Crenshaw/LAX Corridor
- 0- Purple Line Extension, Section 1
- 1- Purple Line Extension, Section 2
- 0- Regional Connector, 2nd & Broadway Area

PCR Sponsored BIF Workshops: During this reporting period, PCR sponsored 1 BIF Application Workshop for 2BRC for small business owners affected by the 2nd & Broadway closure. Small business owners in the 2BRC area are in their final 180 days to apply to the BIF program ending June 30, 2017. Three additional BIF Application Workshops are currently scheduled for the second quarter of 2017:

- 1- Crenshaw/LAX Corridor
- 1- Purple Line Extension, Section 1
- 1- Regional Connector, 2nd & Broadway Area

Media Photo Op: No media photo ops occurred during this reporting period. Media Photo Ops have been a great way to feature BIF grantees and offers good PR for the BIF program. When small business owners “see” other small business owners receiving BIF grant awards from PCR, Metro and political officials, it validates the BIF grant program and encourages other business owners to apply. However, in lieu of media photo ops, Metro has launched the BIF page on its website which includes grantee success stories as well as posting grantee success stories on “The Source.” In addition, Metro regularly e-blasts grantee photo op success stories to its various networks.

Business appointments: Small business owners continue to schedule appointments with BIF Business Advisors for their convenience. Appointments are available with **CLAX** Lead Business Advisor, Andre Hardy at the BSC hosted by the Los Angeles Urban League. For both Lead Business Advisors Brian Lazo **PLE** and Darrell Smith **2BRC**, appointments are available at PCR which is located on Wilshire one block west of Vermont. For **LTRC** Lead Business Advisor, Bryan Miyamoto, appointments can be scheduled at the Metro Community Office located at 1st Street and Central Street near the Japanese Village Plaza. However, most business owners continue to prefer BIF Business Advisors to meet with them one-on-one at their place of business as it often times is difficult for the business owner to leave. Andre, Brian, Bryan and Darrell are flexible and generally meet with small business owners almost always at their place of business for convenience and comfort. This has resulted in effectively expediting submission of applications to the BIF and collecting documents for financial analysis and subsequent grant recommendations.

*See Attachment B for a listing of meetings, events, presentations and workshops from March 2015 – March 2017 (Program to Date).

Construction activity has moved east on the Purple Line Extension Phase I toward the Wilshire/Western Station this quarter.

Survey Highlights

- 99% of applicants surveyed said the Metro BIF application was easy to complete and submit.
- 100% of the applicants surveyed said they received an appointment with their BIF Business Advisor in a timely manner.
- 100% of the applicants surveyed said their BIF Business Advisor was informative and friendly.
- 100% of the applicants surveyed said they are getting the assistance they need at this time.
- 98% of the applicants surveyed said that the overall BIF process was smooth.

At this time, PCR has not identified any major issues or problematic areas in the analysis of the survey responses.

*Note: Not all applicants choose to complete a survey or answer every question. The survey results charted here are based on responses PCR has been able to capture from applicants. Additionally, the total number of surveys does not equal total number of grants due to business owners receiving multiple grants.

11.1 Frequently Asked Questions (as of this reporting period)

a. How long will construction continue in front of my business? Will it come back?

PCR always advises business owners to attend community construction meetings which are held consistently in all three eligible rail corridors. PCR does not provide construction information as construction impacts can change with the design build process. PCR refers all construction inquiries to the community construction team of the specific corridor in question.

b. Why is my business not eligible for construction impacts a few blocks away?

For the purposes of Metro's BIF program, businesses must be immediately adjacent to a rail corridor which refers to a business whose property line abuts or faces the rail corridor or a designated construction staging or construction storage area. In addition, the activity related to a Metro rail construction project must have occurred in front of the business or on the block in which the business is situated.

c. Why is a Loss of Goodwill Claim not eligible for the Metro BIF?

Businesses that relocate on the construction alignment after being displaced from a commercial property by Metro through Eminent Domain Action and compensated for said displacement and loss of goodwill pursuant to California Code of Civil Procedure section 1263.510 may not receive awards from BIF for losses of business revenue at their new location on the alignment. This is because Metro compensates business owners for the projected financial business loss related to the displacement through the loss of goodwill payment. Business owners release and hold harmless Metro against any and all future claims for compensation through the Acceptance and Release (Loss of Goodwill Claim).

12.1 Observations (as of this reporting period)

The following are issues we have observed in the execution of the BIF Program:

- a. PCR has executed a contract modification for services for the Purple Line Extension, Section 2; effective April 1, 2017. A tour of the exact alignment is being scheduled for some time in early May to determine the small businesses that could be impacted by construction. Outreach will begin in late May. PCR's Purple Line Extension, Section 2 team will execute door to door canvassing as well as participate in Metro BIF Information sessions ahead of direct construction impacts so that small business owners are informed and ready to apply.
- b. Some business owners, especially on the Purple Line Extension, Section 1 corridor, are thinking twice about applying for a BIF grant due to the tax implications. One business in particular stated that as a result of receiving grants, his taxable income increased showing a gain which increased his taxes. He said without the grant, he could have shown a loss and paid fewer taxes or received a refund. PCR's response is that we are not tax professionals and cannot comment on individual business owner's tax liability. Each situation is different, but most small business owners accept the grant graciously without question.
- c. In these last 180 days for the 2nd & Broadway corridor, there is a major push to get first time applications in as well as a final Application Workshop scheduled for May 17, 2017. There are 5 – 8 eligible small business owners identified in the Los Angeles Times building that are applying for the first time. We will target this last workshop in this area to those businesses.
- d. Many of the small businesses in the "at grade" segment on Crenshaw/LAX are what PCR refers to as "lifestyle" businesses that lack real capacity or strategy for growth, thought-out marketing plan, or innovative process to attract new customers. These businesses mostly rely on a previous loyal customer base and the day to day of keeping the doors open. This is why the Metro Business Solution Center (BSC) can be especially helpful to small businesses in this area as well as PCR's Small Business Development Center (SBDC) for additional business support services.

Business Narrative

Wilshire Optometry, Inc. is owned by Alexander T. Kim who is a licensed Optometrist. Dr. Kim's office offers eye exams, contact lens fittings of all types, co-management for cataract surgeries and frame styling to compliment your lifestyle. Dr. Kim's office carries a wide selection of frames to choose from and participates with most insurance companies. Dr. Kim is a graduate of Southern California College of Optometry and has been in private practice for over 24 years. He was the first grantee in Koreatown, as construction impacts on the Purple Line Extension, Section 1 work eastward on Wilshire Blvd. toward the breakthrough at the Western Station.

The business is located at 3873 Wilshire Blvd. Suite 103 in Los Angeles along the Wilshire Metro corridor. The business is managed full time by Mr. Kim and presently has (2) full time employees and (1) part-time employee at this time. Under Mr. Kim's ownership, the business has been operating at this location for the past 24 years and has been open for business during the Metro construction in 2017.

Dr. Kim stated that construction activities and impaired access to the business have caused customers to complain about the business not being easily accessible and has also hindered him from being able to attract new customers.

Wilshire Optometry's normal business hours are Monday thru Thursday 10:00am to 5:30pm, Friday 10:00am to 4:00pm and Saturday 10:00am to 3:00pm. The business is comprised of one floor that has a reception area and separate areas for frames and glasses that are on display. There is an optical refractor room where Dr. Kim determines your eye prescription and another room where the actual eye exam is done. Based on Google and Yelp reviews by the public, Wilshire Optometry has a 4.5 star rating out of 5 stars and enjoys a loyal customer base as a result of being in business for so many years in this location.
